**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Using a local internet provider is far superior to companies like AT& T. I appreciate Sonic.net's commitment to a rigorous privacy policy, immediate and responsive tech support, and competitive pricing. Large companies do not honor privacy in the same way Sonic and other smaller companies do. I also appreciate the relative low cost for telephone services.

Consumers MUST have choices in this competitive out-of-control capitalist system. Sonic.net seeks to keep pricing constant, and has stuck to this promise. I resent the FCC's attempt to reduce internet provider choices and control the internet which must remain free and unencumbered by profit motive.

DO NOT interfere with broadband and small business/home usage and the free market.

JUNE GORDON
